Website and Data Use

Dear Parent or Carer,

As I'm sure you are aware, we use a number of high quality websites and software in school to support your child's learning. Resources such as TT Rockstars and Nesy Reading and Spelling have proven successful in teaching children vital skills in a fun and accessible way.

In order to set up your child with accounts on such websites or software we use a limited amount of your child's data; this is often as little as their name and date of birth but may extend to their year group and class name.

Of course we, as well as these websites and software, are bound by the requirements of GDPR legislation, and we would like to reassure you of this which is why we are now adding to our admissions forms to account for this potential use of your child's data.

If you have any concerns about how your child's data may be used or shared please do not hesitate to contact the school office. If you do not give your consent for basic information to be shared with such websites as TT Rockstars and Nesy Reading and Spelling please contact the school office.

Yours sincerely,

Mr Paul Prest
Principal
