Weekly Update

Friday 9th October 2026

YTD Attendance: 95.1%

Principal's Comments

Welcome to This Week's Update

This week in school, the children in Years 5 and 6 had the opportunity to visit the Spa, where they were able to take part in a variety of interactive activities

A huge thank you to the many parents who attended this week's parents' evenings. It is always a pleasure to share the progress your child has made, and it is also a fantastic opportunity for you to share any worries or concerns you may have, or to ask for advice and support.

If you were unable to make an appointment, please contact the school office. Teachers will be in touch to discuss your child's progress with you in due course, as we feel it is vital that we work together to support every child.

Roadworks on Seamer Road

Next week, roadworks and disruption are due to begin on Seamer Road from Wednesday 14th September. These works are likely to cause delays when dropping off and collecting your children, so please allow plenty of extra time to ensure that your child can arrive at school promptly.

These works are part of the next phase of our commitment to becoming Carbon Zero. They will support the school in generating power through the solar panels that have recently been installed, helping us to continue to reduce our carbon footprint and work towards a more sustainable future.

Class Updates:

Nursery: *We have had a busy week in Nursery. In Phonics we have been exploring rhythm and rhyme and making lots of silly soup. The children have loved making silly soup. In Science, we have been looking at safe and unsafe strangers and discussing who is safe and who isn't. In P.E we have been moving in a variety of ways including walking, marching, jogging, running, jumping, and crawling. In Maths we have been on a shape hunt around the classroom looking for different objects that were a 2D shape, we were amazed how many different ones we found.*
A good week Nursery. Miss Lount is so proud.

Reception: *This week in Reception we have been completing our cold writes for our learning journeys and continuing with this half term's theme in all other subjects, which is 'All About Me'. On Friday afternoon we are also looking forward to someone visiting us from the town centre library and can't wait to hear about all the up-and-coming events that they have planned.*

Year 1: *Year 1 have had another fantastic week full of learning and fun. On Monday, we took part in world space week and made moon craters and paintings, as well as fizzy moon rocks. The children had so much fun! We also learnt about the history of schools and enjoyed role playing with the dunce hat and slate chalk boards. Along with the whole school, we took part in the national literacy trust's Guinness world record for reading. We have had a brilliant week and can't wait for more learning next week. Well done Year 1!*

Year 2: *Another fantastic week in Year 2! The children have worked incredibly hard, and I have been particularly impressed with their maths this week. They have made excellent progress in learning and securing their number bonds to 10 and 20! Mrs Horner was also very impressed with their artwork, as the children created beautiful landscape pictures using techniques to show depth and distance. On Thursday, we took part in an exciting world record attempt to be part of the largest number of primary school children reading at the same time! It was wonderful to be involved in such a special event. Another brilliant week of learning, and Mr Kelly is incredibly proud of everyone's hard work and enthusiasm!*

Year 3: *Another brilliant week in Year 3. This week, we have focused on how to predict and summarise in T4R. The children came up with some fantastic ideas about how Rosa Park's life and the loves of others could have bene affected if she had chosen to stand up on the bus. We have had really in depth and insightful conversations about the topic of racism which has been fantastic! This week, we took part in space week! The children designed and created their own rockets out of straws, the children absolutely loved this and were so excited to take them home. Well done Year 3!*

Year 4: *This week in Year 4 we have been getting ready for our celebration assembly! Looking back at all the work we have done so far, and celebrating what has gone well. In Talk for Writing, we have started our amber write. We have been writing the first couple of paragraphs of our journey tale, in preparation for the hot write where they will work independently to write their own. In art, we have planned our final piece based on the work of Jane Dunnewold. Another great week in year 4!*

Year 5: *Year 5 have had a fantastic week! In reading lessons, they've shown great focus, planning and writing their independent applications by inferring meaning from texts and exploring how the author brings stories to life. In maths, they've worked super hard as they began learning addition and subtraction. To top off a brilliant week, the children enjoyed an exciting STEM workshop at Scarborough Spa. Well done Year 5—keep up the brilliant effort!*

Year 6: *Year 6 have really impressed me this week with their diaries in T4W. I can see that they have a good understanding of the model text and look forward to reading their amber writes next week. I would say that the highlight of the week for the children was definitely on Thursday when we went to the STEM day at the Scarborough Spa. The children loved moving around the different stalls while asking questions along their way.*

PE Timetable

	Monday	Tuesday	Wednesday	Thursday	Friday
AM				Reception	
PM	Year 5 Year 6	Year 1 Year 2 Year 3		Nursery Year 3 Year 4	Year 1 Year 2 Year 4 Year 6
